In the event of a medical emergency call 911 or go to the nearest emergency room. En caso de una emergencia médica llame al 911 o vaya a la sala de emergencia más cercana.

If a medication has been discontinued, doses have changed or a new medication has been added please update this list and please share with all providers caring for your child. Remember to keep this updated list with you at all times.

Medication List

Notice

You have not been prescribed any medications.

Discharge Instructions

It is common to have some "aches and pains" for a day or two after a minor injury.

You can use any over the counter "pain reducer" medicine. Generic/store brands and "name brands" work the same. There is no benefit to spending money on a "name brand" like Tylenol, Motrin, or Advil, when the same medicine from even a dollar store will work as well. Just make sure that you do not double up on the ingredients (acetaminophen or ibuprofen.)

See the PCP as needed.

Follow up with police

Medications administered in the Emergency Department

ibuprofen (MOTRIN) tablet 400 mg

Driscoll Children's Hospital values your opinion and strives to provide excellent pediatric healthcare. You may receive a survey in the mail from Driscoll, your honest feedback would be greatly appreciated. Thank you for giving us the privilege of taking care of your child.
